

# MY HOUSE/BUILDING STORY

If you are local to the 2798 postcode or previously lived in a house in our district, we (Millthorpe & District Historical Society) would love to hear about your house story. We would also love to hear about any other buildings you also own or work in.

In 2017 we did a “Historic Homes of Millthorpe” book and during this project we discovered there is lots to learn from researching houses. Lots of lovely stories of family events, builders, house modifications, change of owners and indeed change of use of the house came out.

If you provide us with your house story and some photos for our archives, we will do our best to provide you with the original deed and map if we are able to locate it.

By contributing to this request your story will be stored as part of our historical archives and available for ongoing research and family history searches at the Golden Memories Millthorpe Museum. Please fill out what fields you are happy to make **public**. Please email this document and any relevant photos to [millthorpemuseum@gmail.com](mailto:millthorpemuseum@gmail.com), ensure you name, date and identify all photos. Snail mail also welcome PO Box 37 Millthorpe 2798.

We have given some examples below but add more to suit your house and story.
